## Benefits of Dermo villa

Dermo villa is very effective in treating problems like impurities in the blood, skin eruptions, pimples, boils, heat rashes, itching, nose bleeding, chronic and temporary constipation, measles, a burning sensation while urination and general lassitude.

Dermo villa is also useful as a diuretic and preventive for conditions arising during change of seasons.

Naturally beautiful skin is clean, soft and supple, just like a child's skin. It glows naturally and is spotless. Skin Problems are generally caused by impurities in the blood. Most remedies act externally and provide only transitory relief and do not address the root cause. Safi purifies the blood and clears the skin from within leaving skin glowing and pimple free.

Its 100% natural composition of essential blood purifying elements and herbs ensures that pimples, acne, blemishes not only disappear but seldom come back.

The herbal remedy for skin diseases such as acne vulgaris, boils, skin rashes, blemishes, urticaria etc. Checks nose bleeding, cures constipation, corrects indigestion, improves complexion and helps you to stay slim and smart

### Preventive for skin and blood problems

During change of season one dose of Dermo villa should be taken at bed time with water. Especially prescribed for prevention of measles, heat rash and skin eruptions in children.
